Chemical industry is emerging as a key strategic and promising sector

By UN Journal Lee Kap-soo

The following article was contributed by Odil Temirov, Chairman of the Board, Uzkimyosanoat JSC, to UN Journal for publication through the Embassy of Uzbekistan in Seoul. --Ed.

Trade and economic relations between Uzbekistan and Malaysia are strengthening and expanding into new fields year by year, with the chemical industry emerging as a key strategic and promising sector. Given the prospects of both countries in developing the chemical industry and their expertise in modern technologies and ecological sustainability, cooperation in this field holds significant economic importance.
